➤ **OPTION 1: FULL TOUR 90 mins**

Our museum educators will guide students through a comprehensive, formal tour of our space, highlighting specific artifacts, photos, and videos.

➤ **OPTION 2: TOUR + ACTIVITY 90 mins**

Museum educators will lead a condensed version of our full museum tour followed by an activity. Teachers, choose from the two activities listed below.

EXHIBIT EXPLORATION SCAVENGER HUNT

Students will explore the exhibit individually using our guided worksheet to uncover artifacts, videos, and photos. After having time to explore, our museum educators will debrief with students to discuss more about what they learned.

EXPLORE & SHARE

Groups of 3-5 students will be assigned to specific areas of our exhibit. Guided by a group worksheet, they will read and reflect on the features of their specific area before sharing out to the class what they learned.

INTERESTED IN ADDING A SPEAKER?

Students can hear the personal story of a survivor or descendent of a survivor in a sit down presentation with opportunities for Q&A. To request, please indicate on your request form.
